Modification:

Why was the aircraft modified?

Details of Modification: use separate sheet if required.

Check list:

- Have photos been supplied?
- Has weight and balance been altered, if yes supply reworked weight and balance calculations. If in doubt please supply, you may be asked latter.
- Has the manufacture given approval?, give details on a separate sheet.
- Has part 103.207 been compromised?
- Does the Aircraft require a flight test programme?

To the best of my knowledge the modification's noted above have been completed to a satisfactory standard, the aircrafts flight permit can be re-validated.
