7. What documentation needs to be carried in a Class 2 Microlight?

8. What records need to be kept for each Microlight?

9. How are changes to the NZ AIP notified?

10. What is the MAUW of the aircraft used for your BFR?

11. What is this aircraft's Empty Weight?

12. What is this aircraft's Useful load?

13. What is this aircraft's Max Useable fuel?

14. For the BFR Flight determine the Weight of the Aircraft and C of G on departure.

15. What is the normal cruise fuel flow for the BFR Aircraft?

16. Allowing for a 30 minute reserve what is the time endurance of the BFR Aircraft in a normal cruise?

17. What is the demonstrated Crosswind component for the BFR Aircraft?

18. What are these speeds for the BFR Aircraft and what do they mean?

    Vx

    Vy

    Va

    Vno

19. What is the best Glide speed for the BFR aircraft?

20. Referring to the non-operational chart below

A. What Airspace does the dark Blue line surrounding Palmerston North Airport signify?

B. If we wish to enter the Airspace in Question A who would we call and on what frequency?

C. Just to the west of Foxton Beach is Special Message box #15. What is the Special message and where do we find it (a) on the paper chart and (b) on an electronic chart?

D. What altitude can we climb to above Foxton Beach without an ATC clearance?

E. If we wish to climb above the Altitude in Question D who would we call and on what frequency?

F. Just to the south of Palmerston North is a small area bounded by red titled M 310.

Where would you find further details regarding M310 ?

G. What is the purpose of T354 and What are the operational requirements?

21. At an unattended Airfield do you have to comply with the published circuit directions?

22. What is the AIP published Aircraft to Aircraft chat frequency?

23. What are the Part 91 published pre flight responsibilities of the Pilot in Command?

24. Can you refuel your aircraft with a passenger on board?

25. What is the Met Minima for an Unattended Airfield?

26. What the Visibility Minima in Class G airspace?

27. Do you have to report an Incident? If so who to?

28. What are the Special circumstances that allow you to move an aircraft after an Accident?

29. Who do you report an Accident to?

30. You are approaching another aircraft head on at the same altitude.
Who gives way and what is the correct avoiding procedure?
